

Leg Kits

Give your Evaporative Air Cooler a Leg-up

Leg mounting kits are one of the most common and economical ways to mount evaporative coolers to most homes. The legs are adjustable to fit almost all roof pitches. PMI leg sets are heavy duty and finished with the same superior finishing technique used on all of our evaporative cooling products. "Simple and reliable products you can trust!"

Leg Kit Package Includes:

- 2 x 29" Legs
- 2 x 19" Legs
- 4 x Mounting Feet
- Hardware for mounting the legs to your cooler

Note: Roof mounting screws not included

LR100

LS100

Choose the Right Leg Kit for Your Evaporative Air Cooler

The two most common residential type evaporative coolers produced are aspen multi-pad types (normally with round corners) and single in-let rigid media high efficiency (squared corner types). PMI accommodates both types in our selection of mounting legs.

Features:

- Heavy duty construction.
- Reliable and easy to use.
- Superior/long lasting architectural grade powder finishing.

LS100 - For square corner cooler cabinets

LR100 - For rounded corner cooler cabinets
